## Questions-

### Kansas Constitutional Amendment -

**Explanatory statement.** This amendment is to preserve constitutionally the right of the public to hunt, fish and trap wildlife subject to reasonable laws and regulations. The right of the public to hunt, fish and trap shall not modify any provision of common law or statutes relating to trespass, eminent domain or any other private property rights.

A vote **for** this proposition would constitutionally preserve the right of the public to hunt, fish and trap wildlife that has traditionally been taken by hunters, trappers and anglers. This public right is subject to state laws and rules and regulations regarding the management of wildlife and does not change or diminish common law or statutory rights relating to trespass, eminent domain or private property.

A vote **against** this proposition would provide for no constitutional right of the public to hunt, fish and trap wildlife. It would maintain existing state laws and rules and regulations governing hunting, fishing and trapping wildlife.

Shall the following be adopted?

**§21. Right of public to hunt, fish and trap wildlife.** The people have the right to hunt, fish and trap, including by the use of traditional methods, subject to reasonable laws and regulations that promote wildlife conservation and management and that preserve the future of hunting and fishing. Public hunting and fishing shall be a preferred means of managing and controlling wildlife. This section shall not be construed to modify any provision of law relating to trespass, property rights or water resources.

### Johnson County Question -

Shall the following be adopted?

Shall the Board of County Commissioners of Johnson County, Kansas, for public safety projects, adopt and impose an additional one-fourth (1/4) of one-cent countywide retailers' sales tax in Johnson County, Kansas, to be levied from and after April 1, 2017, for a period of ten (10) years, ending on March 31, 2027, with the revenue from that tax to be distributed as required by law to the county and to the cities in Johnson County, and the county share to be used to fund the costs of construction and operation of public safety projects, including the construction, equipping, and furnishing of a courthouse building and a coroner facility, together with the costs to demolish the existing courthouse, and for the costs of programs and facilities related to those projects, including the courts, administration of justice, and District Attorney?
